

Reflect on Your Readiness

This module supported developing skills and competency in the following areas:

- determining where the sources of global-level threats to data access exist in information technology
- determining where sources of data accuracy threats exist
- determining where the sources of major global-data-level threats exist
- identifying professional codes of ethics relevant to information technology professionals

Ask yourself how capable you are of doing each task presented in Modules 8–10 in preparation for assessment. If you feel confident, then move to the next section. If you need more opportunity to explore the topic, try one or more of these strategies:

- Review content related to the topic. Some courses have an optional resource section with additional materials and activities.
- Use available activities provided in the learning resources.
- Identify the topics in the section that are challenging you and make an appointment to speak with your instructor.
