Ethics in Technology

Course Resources

This page provides additional information on accessing the resources for this course. For many resources, WGU has provided automatic access throughout the course. You may, however, need to enroll manually or acquire resources independently. Some resources may be available in another format that what is provided in the course. Read the full instructions provided on this page to ensure you have access to all your resources in a timely manner.

The follow are the learning resource materials you will need to obtain.

Textbooks

If you prefer to use hard copies of the texts, you may purchase them through a retailer of your choice. If you choose, please use the ISBN listed to ensure that you receive the correct edition.

- Burton, E., Goldsmith, J., Mattei, N., Siler, C. & Swiatek, S. (2023). Computing and technology ethics: Engaging through science fiction. The MIT Press. ISBN: 9780262048064

- Reynolds, G. (2019). *Ethics in information technology* (new tab) (6th ed.). Cengage. ISBN: 9781337405874

Cengage Resources

To access resources from Cengage, you will need a Cengage account. When prompted to log on after clicking a Cengage link, click the "Create Account" link to setup your new account. Already have a Cengage account? Use the "Need help signing in?" link for help accessing your existing account.
